## **Forms and types of Estate Plan**

There are numerous types of estate plans, and the one that is right for you will depend on your individual circumstances. Here are some of the most common types of estate plans:

1. Last will and testament: This is the most basic type of estate plan. It simply involves creating a document where you state the way in which your assets are to be divided upon your death. Additionally, you can use a last will and testament to name as a guardian to minor children.
2. Trust The term "trust" refers to an legal arrangement where one or more trustees manage properties for the benefit another person or persons (the beneficiaries). Trusts can be used for various reasons for example, avoiding probate, minimizing taxes, and protecting properties from being seized by creditors.
3. Power of Attorney Power of attorney is an legal document that gives someone else the authority to make decision on behalf of you, should you become incapacitated. This can include financial decisions, healthcare decisions or both.
4. Living will Living will (also known as the advance directive) is a written document in which you write down your preferences regarding medical treatment in the case that you're not able to speak for yourself. This is a vital aspect of your estate plan should you have specific requirements about end-of-life care.

5. Beneficiary designation: A lot of assets, like life insurance policies as well as retirement accounts, permit you to name the beneficiary to receive those assets upon your death. This is a simple process.

## **Setting Up Your Estate Plan with a QLD Estate Lawyer**

Making your estate plan with a QLD estate lawyer is simple if you are aware of what you can expect. Here's what you need to do:

1. Meet with make an appointment with a QLD estate lawyer in QLD. You can locate one on the internet or in your local yellow pages.
2. Discuss your goals in your estate plan. What are you hoping to achieve? Do you want to secure your assets from lawsuits, creditors or other lawsuits? Or are you more concerned about the distribution of your assets your children?
3. Make a will. The document should outline how you'd like your assets to be when you die. Make sure you include any instructions that are specific to you for example, who should receive which assets , and the way they will be used.
4. Create the trust. Trusts can help you manage your assets while you're alive and distribute them after you pass away according to your wishes.
5. Select an executor to manage your estate. The executor is responsible for carrying out your wishes when you die Therefore, you should choose someone whom you trust completely.
6. Sign all of the necessary documents. When everything is in order you can sign all documents in the presence of witnesses so that there's no doubt about their authenticity later on.

## **Common Questions Concerning Estate Planning**

1. Is estate planning a thing?

Estate planning involves formulating a plan to handle your assets and financial affairs following your death or if you are incapacitated. It can cover everything from naming a guardian to your minor children to establishing trusts to manage your finances.

2. Why do I need estate planning?

Estate planning is important as it allows you to have the control over the distribution of your property and family members following your death or when you become incapacitated. Without having a plan, your assets may be distributed according to the laws of intestacy. This could not be in keeping with your preferences. Additionally, if you have minor children, preparing your estate can help ensure that they're taken care of by someone you trust in the event of something happening to you.

3. What should I include in my will?

The answer to this question is likely to differ based on your specific situation. There are however some commonly used elements included in estate plans like a will, trusts and power of attorney and advance directives regarding healthcare.

#### 4. How often should I revise my trust plan?

It is important to review and update your estate plan regularly particularly when there are significant changes to your life . Also, it is recommended to consult with an skilled estate planning attorney frequently to ensure that the plan is current and meets the needs of your evolving lifestyle.
